

Coronavirus (COVID-19) Screening

1. Do you currently have a fever?
2. Do you currently have symptoms of lower respiratory illness (e.g. cough or shortness of breath)?
If yes-Is your cough or shortness of breath new or worse than normal?
3. In the past 14 days, have you traveled on a cruise or been to an affected geographic areas (China, Iran, South Korea, Europe, United Kingdom, Ireland)?
4. Have you been in contact with someone under investigation for, or with a confirmed case of Coronavirus Disease 2019 (COVID-19)?

If you answer yes to any of these questions, please call our office for further instruction if you are pregnant. If you are not pregnant, please call your primary care physician or your local/state health department.
